Delhi, India | +919719044534 | [rohitgangwar971912@gmail.com](mailto:rohitgangwar971912@gmail.com) | <https://www.linkedin.com/in/rohit-gangwar-170916256/>

## EDUCATION

**KIET Group of Institutions – Ghaziabad, Delhi NCR** 2022-2026  
Bachelor of Technology, Information Technology.

**MISSION Public School [CBSE] – Nawabganj, Bareilly** 2020-2021  
Intermediate with Maths, Physics, Chemistry

## EXPERIENCE

### HIRERS

**MERN Stack Intern** Aug 2024– Oct 2024  
Designed and developed **10+ interactive UIs**, improving user navigation and experience by **30%**, leading to a **15% increase in session duration**.

Debugged and optimized both frontend and backend code, enhancing system efficiency and improving client-user engagement by 20%  
**Technohacks**

**Cyber Security Intern** Aug 2023– Sep 2023  
Acquired hands-on cybersecurity skills, conducting **10+ penetration tests** and performing **5+ digital forensic investigations** to identify and mitigate **50+ security vulnerabilities** across various systems.  
Implemented practical cybersecurity techniques by conducting **10+ penetration tests** and **5+ forensic investigations**, strengthening system security by **30%**. Developed hands-on expertise in **Linux-based security, vulnerability assessment, and threat mitigation**

### Cisco

**Cyber Security intern** May.2023 – Aug.2023  
Built expertise in Cloud Security, Linux, and networking, implementing 5+ protocols and 10+ assessments, boosting security 25%  
Implemented security protocols and configurations on Linux servers, enhancing system protection protection by 20%

## CERTIFICATIONS

Introduction to Machine learning with Coursera	(sep 2023)	Cybersecurity Essentials	(Aug 2023)
Programming Essentials in Python	(Aug 2023)	Cloud Security Training	(Dec 2023)
CCNA Introduction to Networks	(Mar 2023)	AWS	( Present )

## CO-CURRICULAR ACTIVITIES

**Cyber Peace Cell – KIET Group Of Institutions, Ghaziabad**  
**Coordinator** July 2023– Present  
Led a team of **45 members** as **President of the Cyber Peace Centre**, fostering **collaboration and strategic growth**.

**Google Developer Student Clubs (GDSC) – KIET**  
**Member** May 2023– Present  
Specialized in front-end development with a strong focus on designing intuitive, user-centric UI/UX interfaces using Figma, React.js, and Tailwind CSS.  
Actively contributed to cross-functional projects, leveraging expertise in full-stack development, UI/UX design, and responsive web technologies to enhance user experience and engagement.

## LANGUAGES

Technical Skills: MongoDB, C, C++, JavaScript (ES6+), HTML, CSS, Java, Python, Node.js, React.js, Express.js, RESTful APIs, Git, Redux Toolkit.

## PROJECTS

**Connect-Senior**  
Developed a student-connect platform integrating **secure user authentication, server-side rendering (SSR), and RESTful APIs**, improving user engagement by **30%** and optimizing response time by **40%**  
This project involved Next.js.

**Hospital Management system**  
Developed a MERN-stack hospital system managing 1000+ records, 50+ schedules, with secure authentication and role-based access, boosting efficiency by 40% This project involved HTML CSS, JAVASCRIPT, REACTJS, and Nodejs.

**Realchat Application**  
Created a Real chat Application tool using Reactjs.and.Firebase for real-time chatting .  
Using this Realchat application two or more peoples contact to each other.

## SKILLS

**Other Tools:** Virtual Machines **Source Code Management:** Git, Perforce **Networking Tools:** Kali Linux, Network Sniffer
